Included

Vroom— with retractable hose featuring crevice tool hose end
Convertible Floor/Rug Tool
Adjustable Wand
Installation Components

General Information

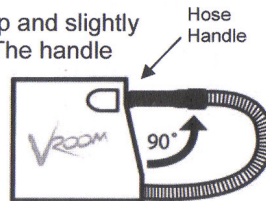

Vroom is a built-in, self-contained, easy access, hose system designed to put quick clean-up capability in places you need it most – kitchens, bathrooms, laundry rooms, mudrooms and garages. The Vroom easily installs in a base cabinet, making quick cleaning jobs within reach. You can easily access the hose of the Vroom inside your cabinet, clean up your dry mess and the hose automatically retracts when vacuuming is complete. There is no need for a vacuum or broom – Vroom does the job of both. This innovative product will revolutionize the way you clean.

Warranty Registration

Registration of the Vroom ensures a fast and easy resolution to your warranty requirements. To register simply register online at www.VroomRegistration.com or complete the green registration card located with your Vroom.

Operating Instructions

The Vroom turns on automatically by pulling up and slightly twisting the handle from the docking station. The handle docking station needs to be at a 90° angle to start the system. Then pull out the amount of hose you need (up to 24 feet) and clean up any dry spill in seconds. The debris that is cleaned up will be transported through your central vacuum tubing back to the dirt canister located on the power unit. The airflow from your vacuum system will assist in retracting the hose. Simply walk the hose back toward the cabinet. The system will shut off when you place the hose handle back into the docking station.

Important Safety Instructions

Read All Instructions Before Using this System

- Use caution when pulling hose around corners as it could scuff surfaces.
- Do not use on wet surfaces.
- Do not allow to be used as a toy.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- If appliance is not working as it should, contact your dealer.
- Do not step or walk on hose.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up any liquids.
- Do not install in wet areas or around leaking drains or water lines.

Vroom Features

The Vroom comes with an adjustable wand, convertible Floor/Rug tool and the hose end doubles as a crevice tool making virtually any cleaning scenario a snap!

Adjustable Wand

Allows you to customize the wand length you need for each cleaning task. (19" compressed and 30.5" expanded)

Crevice Tool/Hose Handle

Use the hose handle that doubles as a crevice tool to whisk away any dry spill on any surface in your kitchen, bath, laundry room or garage/workshop.

Convertible Floor/Rug Tool

Cleans mats, carpet, tile or hard surface floors with ease. Simply place the compact floor/rug tool on the end of the wand and cleaning is a breeze. Use bristles on hard surfaces and slide the bristles off to clean small carpets, area rugs and upholstery.
